

REFEREE COURSES:

2017 continues to be a big year for Canadian futsal as we will also be establishing our first referee certification programs that will enhance and enrich current offerings in the country. The purpose is to educate existing and future futsal referees on the FIFA Laws of the Game so that Canadian leagues can develop under the same laws and principles. The initial course will be taught by Canada's only FIFA Futsal Referee Instructor and Assessor Bob Tibbo who will provide the absolute best education any futsal referee can receive in Canada.
